### ***Aging Gracefully***

You know how everyone keeps saying that 40 is the new 20, 50 is the 30, and 60 is the new 40? Well, it's true. [Jennifer Lopez](#) and [Halle Berry](#) make the 40s look like one big pool party, [Sharon Stone](#), [Madonna](#) and [Julianne Moore](#) transformed the 50s into an aspirational decade, and [Vera Wang](#) and [Helen Mirren](#) have turned the clock so far backwards on the 60s, that retirement seems leap years away. And we've all got skincare to thank for it.

Looking and feeling [young](#) is easy when you have the right products, a little know-how and five extra minutes to create a new regime. Here are the top 10 [skincare](#) items that you need to look and feel 20 years younger. We promise you won't be disappointed.

### ***Day Cream***

A radiant and glowing complexion is synonymous with youth. [Vichy Neovadiol Lumiere Day Cream](#) acts like a beauty balm by stimulating and plumping the dermis with moth seed and beech tree extracts to promote collagen growth, trap moisture in and reinforce the skin's elasticity. Rosy-coloured pigments and mother of pearl add a pretty, natural-looking glow.
