## Zara Canada Online Store

I'm so excited share with you guys that Zara Canada is launching their e-commerce site on March 6th! I've been waiting for this day for a long, long time. Here are some of the looks from their February 2013 lookbook that are "potentials" for me.

5 Pocket Trousers (White) | Ethnic Pattern Shorts | Rustic Silk Embroidered Ethnic Scarf | Embroidered Skirt

Judging from the set above, I see "ethnic" patterns and embroidered apparel as big hits for spring. I love the scarf and the skirt.

Sandal with Buckle (Strawberry) | High Heel Vamp Shoe | Wrap Mini Skort | Embroidered Denim

White, white, white! I look forward to wearing more stark white pieces this spring/summer. I also want to increase my high heel collection with different colours and unique designs.

Twill Overshirt with Ethnic Details | Camouflage Print Overshirt | Open Knit Sweater

I frequent the kids department a lot and the two jackets and sweater above are what I'm looking forward to trying out. :) For sizing reference, I'm about a size 12 or L in the Zara Girls department.

**Are any Canadians here excited about shopping online at Zara?**

I rarely find sizes in store and the line-ups are really long sometimes. The downside to shopping online is that you can't try things on (but I don't usually try things on anyway), so I hope they have a really good return/exchange policy with online orders.
