CANADIAN FASHION STUDENT INTERESTED IN LEARNING MORE ABOUT ALL THINGS FASHION, AND BUILDING UPON MY EXPERIENCES.

## DEAR CANADA

The day is here. As of today us Canadians can now take part in online shopping at **Zara**. I really couldn't be happier. I have always been a major fan of Zara and their amazing clothing and deals, but I wasn't as fond of the long change room and cash out lines. With the launch of their e-commerce site in Canada these troubles are gone! It's now all about easy shopping, easy checkout, AND easy returns! What more could we ask for? How about free shipping on orders over \$50? I mean, I'm not going to say no to that.

Get shopping ladies + gents! xo
