

ZARA goes online for Canada

March 6 we can start shopping at Zara in our housecoats

Oh Happy Day! **Zara's** online store opens its virtual doors Wednesday, March 6. Now when we don't feel like braving the crowds (or the weather) just to get that blazer or those shoes, all we have to do is type Z-A-R-A in our browser. Shipping is included for orders over fifty dollars (or \$4.95 for standard and \$9.95 for express). For those like me who have a personal vendetta against Canada Post, you can pick your order up within 3-6 days at your favourite ZARA. Thank you Lady Zara, for simplifying my spendthrift ways!

In the photo above are a few items that I picked out this morning while test-driving the site:

Blazer with puffed shoulders 119.00 CAD

Cool wool trousers 59.90 CAD

Calfskin messenger bag 39.90 CAD

Strappy high heel sandals 89.90 CAD

And, this is the fab foodie T-Shirt I picked up at Zara in Portugal (for those who were asking):

Breakfast, Coffee, Pancakes T-Shirt 25.90 CAD

Silver plated necklace with ethnic appliqués 29.90 CAD

Strappy ethnic ankle boots 199.00 CAD
